

# Hrithik Biswas

FRONT-END WEB DEVELOPER

## Summary

I am a proactive and dedicated Front-End Web Developer with strong expertise in React.js, Next.js, and other modern web technologies and Committed to delivering responsive, intuitive, and high-performance web applications that enhance user experience and meet diverse client needs. I am eager to continue my career by joining your Company, where I will grow my skills to achieve perfect accessibility.

## Experience

- Developing and designing user-facing features and reusable components for web applications using **React.js** and **Next.js**.
- Expertise in **HTML**, **CSS**, **JavaScript**, and modern JavaScript features like **ES6**.
- Proficient with **SASS**, **SCSS**, and CSS frameworks like **Tailwind CSS**, **Bootstrap 5**, etc.
- Converting PSD/Figma to **HTML5**, **WordPress**, **React.js**, and **Next.js**.
- Implementing and customizing front-end UI frameworks such as **Hero UI**, **shadcn/ui**, **Bootstrap**, **React Bootstrap**, **Material-UI (MUI)**, **DaisyUI**, **Mantine**, **Ant Design**, and **Flowbite**.
- Fixing any **HTML**, **CSS**, and **UI** issues in **React.js** and **Next.js**.
- Integrating **RESTful APIs** to fetch and update data seamlessly within applications.
- Working with the **WordPress REST API** to connect and display dynamic content in **React/Next.js** projects.
- Knowledge of databases such as **MySQL**.
- Integrating various front-end plugins into existing projects to extend functionality.
- Developing and customizing responsive **WordPress** websites to meet client requirements.
- Designing, building, and maintaining modern websites using **Elementor pro** and other popular page builders.
- Working extensively with **Elementor** for custom layouts, reusable templates, and advanced styling.
- Customizing **WordPress themes** to align with client branding and functionality needs.
- Implementing and customizing **WooCommerce** and other plugins to extend site features.

WordPress

- Integrating secure payment gateways such as **PayPal**, **Stripe**, **bKash**, **Rocket**, and **Nagad** for smooth online transactions.
- Ensuring all WordPress websites are fully responsive, user-friendly, and optimized for performance.
- Using **Git** for version control and collaborating effectively in a team environment.
- Utilizing front-end build tools and package managers such as **Vite**, **Webpack**, **Snowpack**, and **npm** to streamline development workflows.
- Communicating with back-end developers to resolve integration issues and ensure smooth project delivery.

## Projects

### Blog Website (Private Project)

**Role:** Designer | Developer

**Description:** Developed a blog website with dynamic content and modern design.

**Tech Stack:** Next.js, Tailwind CSS, NextAuth, Hero UI, shadcn/ui, WordPress REST API.

#### Key Features:

- Integrated **WordPress REST API** for dynamic blog content.
- Implemented **NextAuth** for secure user authentication.
- Added loading skeletons for a smoother user experience.
- Created reusable components and consistent layouts for maintainability.

### Ecommerce Website

**Role:** Designer | Developer

**Description:** Built a fully functional e-commerce website using WordPress, delivering a seamless online shopping experience.

**Tech Stack:** Wordpress, WooCommerce, Elementor/Elementor Pro.

#### Key Features:

- Designed custom product pages and layouts using Elementor Pro.
- Integrated secure payment gateways including **PayPal**, **Stripe**, **bKash**, **Rocket**, and **Nagad**.
- Customized **WooCommerce** to support advanced product and order management.
- Ensured responsive design and optimized checkout for better user experience.
